Sir,

I have the honour to state that owing to payment of nearly 3 lakhs of rupees to the establishment on account of Dearness Allowance, it has not been possible for the Municipality to carry out the essential services in a more satisfactory manner, such as removal of rubish and nightsoil, formation and repair of roads and buildings and drains, since the cost of labour and materials has gone up. Though three times the amount that was being spent for original works and repairs, is spent now, it has not been possible to metal or tar a number of interior roads, or to provide underground drainage to a number of localities. It is proposed to take a further loan of 15 lakhs of rupees for carrying out important and urgent schemes such as metering of house connections underground drainage, construction of dwelling houses for the poor and middle class of people as the city is in need of more houses to accommodate the increasing population Out of 10 instalments of repayments due on the Indian Bank Loans series of Rs. 5 lakhs, only two have been paid and 8 instalments have not been paid for want of funds. If the sum of 2,79,570 rupees how paid on account of dearness allowance is met by Government as a special case it will enable the Municipality to provide essential services to the ratepayers more efficiently.

I beg to add in this connection that in Madras the Government is meeting the cost of dearness allowance paid to the

the Municipal staff, out of the state funds as already reported in this office letter No. M5-197/44-45 dated 28-8-45 addressed to the Additional Secretary to Government. The Municipal Council have resolved in their Special meeting held on 10th June 47 while considering the Budget estimates for 1947-48 that the Government be requested to give an annual grant of Rs. 3,00,000/- to the Council to meet the cost of Dearness Allowance that is being paid to the Municipal Employees till it continues, in view of their slender resources. A copy of the resolution is enclosed for favour of reference.

In these circumstances, I request that the Government be leased to reconsider their order passed in L. 7942-63/Ml. 90-46-8 dated 28-11-1946 and to sanction the grant of a sum equal to the amount required for payment of dearness allowance to the Municipal staff as prayed for by the Council in the resolution referred to above treating this as a special case in view of the importance.

I have the honour to be,
